Sedie - Tavoli  
*Chairs - Tables*

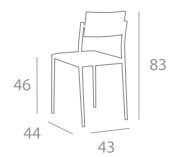

## maureen

Sedia con struttura in acciaio cromato, rivestita in cuoio, disponibile con braccioli.  
Chair with chromed steel frame, covered in leather, available with armrests.

ART. 102082/cb

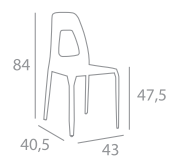

ART. 101192

## pimpa

Sedia con  
struttura in  
acciaio rivestita  
in cuoio.  
Chair with steel  
frame, covered  
in leather.

*Design AREA 44*

ART. 102299

## tavolo allison

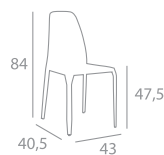

Tavolo con gambe coniche in acciaio verniciato, piano fisso. Misure h76, larghezza 90 o 100, lunghezza 140, 160, 180, 240.

Table with the steel painted and conical legs, fixed top. Dimensions h76, width 90 or 100, length 140, 160, 180, 240.

ART. TV6091

ART. 102299

## doris

Sedia con  
struttura in  
acciaio rivestita  
in cuoio.  
Chair with steel  
frame, covered  
in leather.

*Design AREA 44*

## tavolo allison

Tavolo con gambe coniche  
in acciaio verniciato, piano  
fisso. Misure h76, larghezza  
90 o 100, lunghezza 140,  
160, 180, 240.

Table with the steel painted  
and conical legs, fixed top.  
Dimensions h76, width 90  
or 100, length 140, 160,  
180, 240.

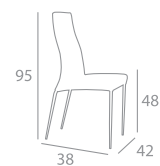

ART. TV6091

## modà

Sedia con struttura in acciaio cromato, rivestita in pelle o ecopelle.  
Chair with chromed steel frame, covered in soft leather or synthetic leather.

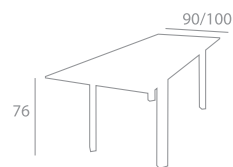

Design AREA 44

ART. 101197

## tavolo gillian

ART. TV6093

Tavolo con struttura in acciaio cromato, piano fisso.  
Misure h76, larghezza 90 o 100, lunghezza 140, 160, 180, 240.

Table with steel chromed frame, fixed top.  
Dimensions h76. width 90 or 100, length 140, 160, 180, 240.

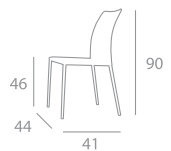

*Design AREA 44*

## jasmine

Sedia con struttura in acciaio cromato, rivestita in cuoio. Sedia disponibile anche con piedi rivestiti in cuoio. Sedia disponibile anche in ecopelle.

Chair with chromed steel frame, covered in leather. Chair also available with feet covered in leather. Chair available also synthetic leather.

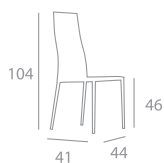

ART. 101196

## candy

Sedia con struttura in acciaio cromato, rivestita in cuoio. Sedia disponibile anche con piedi rivestiti in cuoio. Sedia disponibile anche in ecopelle.  
Chair with chromed steel frame, covered in leather. Chair also available with feet covered in leather. Chair available also synthetic leather.

ART. 101195

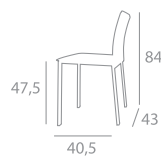

## tavolo WPS

Tavolo per contract, struttura in metallo cromato o satinato, piano in legno. Misure h75, larghezza 60, lunghezza 60. Contract table, satin chrome or chrome steel frame, wood top. Dimensions h75, width 60, length 60.

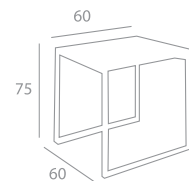

*Design work project studio*

## asolo

Sedia con struttura in acciaio cromato, rivestimento in cuoio. Chair with chromed steel frame, covered in leather.

ART. 101190

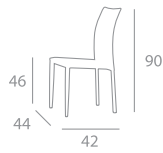

ART. TC7891

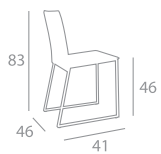

## miss

Sedia con struttura in acciaio rivestita in cuoio.  
Chair with steel frame, covered in leather.

ART. 102293

ART. 101199/cb  
ART. 101198

angy

Sedia con struttura in acciaio cromato, rivestita in cuoio, disponibile con braccioli cromati.  
Chair with chromed steel frame, covered in leather, available with armrests in chrome.

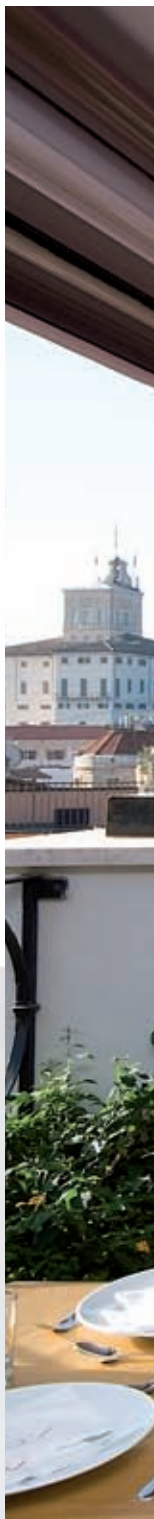

## tavolo norman

Tavolo con gambe in acciaio cromato. Piano fisso misure h76, larghezza 90 o 100, lunghezza 140, 160, 180, 240.  
Table with steel chrome legs, fixed top dimensions h76, with 90 or 100 length 140, 160, 180, 240.

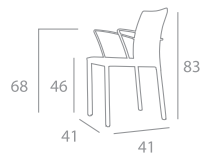

ART. TV6090

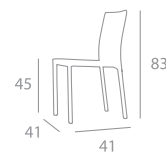

## sissi

Sedia con struttura in acciaio rivestita in cuoio,  
disponibile con braccioli.

Chair with steel frame, covered in leather,  
available with armrests.

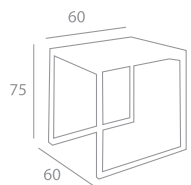

ART. 102081/cb

ART. 102080

ART. TC7891

## tavolo WPS

Tavolo per contract, struttura in metallo cromato o satinato, piano in legno. Misure h75, larghezza 60, lunghezza 60.

Contract table, satin chrome or chrome steel frame, wood top. Dimensions h75, width 60, length 60.

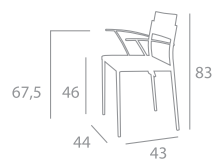

*Design work project studio*

## Pelle/Soft Leather

## Pelle sintetica/Synthetic Leather

### PULIZIA E MANUTENZIONE

Per quanto riguarda la pulizia della pelle: generalmente le macchie vengono respinte e rimangono in superficie; in questo modo possono venire facilmente eliminate all'istante con un panno asciutto. Per le macchie di natura diversa, può essere sufficiente sfregare leggermente con un panno pulito imbevuto in acqua e sapone o in acqua e ammoniaca. Non usare mai prodotti abrasivi o aggressivi quali solventi, smacchiatori, ecc.

### CLEANING AND MAINTENANCE

As concerning to the leather cleaning, generally the spots are repelled and they remain on the surface; in this way they can be easily eliminated at once with a dry cloth. For spots of different nature, it is sufficient to scrub lightly with a clean cloth soaked in water with soap or water with ammonia. Never use abrasive or aggressive product is used for cleaning, stain removers, etc.

## Scheda tecnica telaio/Technical frame report

### STRUTTURA/FRAME

Struttura in acciaio lavorato artigianalmente. / Steel frame handcraftedly worked

### FINITURE CROMO ecologico

Questo nuovo trattamento sostituisce il processo di cromatura tradizionale aumentandone la qualità. Il miglior potere di penetrazione della finitura consente di evitare gli aloni gialli tipici della cromatura vecchio stile, il rivestimento è ottimale sia intorno ai fori che negli angoli più difficili (dove le basse intensità di corrente impedivano al flash di cromo di ricoprire il substrato di nichel). Infine, il pezzo trattato è più bianco e brillante perché la ridotta viscosità della soluzione evita macchie residue sulla superficie. L'impatto ambientale della fase di cromatura viene ridotto al minimo sostituendo la soluzione di cromo esavalente con il cromo al suo stato più naturale (cromo trivalente). Il processo sviluppato grazie alle originali sperimentazioni è inoltre esente da cloruri.

### FINISHING CHROMO ecologic

A better quality: this is a new decorative chromium process which offers a higher quality than the previous system due to better throwing power, which avoids the yellow-nickel appearance often seen in the hexavalent system., whilst also avoiding white burns on the edges and dark spots on the surface. The surface appearance is bright white similar to existing chrome deposits. Environmentally friendly process: no hexavalent chromium anymore! This means that the hexavalent chrome in the plating process is substituted with chrome in its natural form: Trivalent, and there is more as well: The solution used for plating is chlorine free! This makes it better for our workers, better for the environment, and the best for your product.

### FINITURE CROMOSATINATO ecologic

Il nuovo cromo satinato con una qualità migliorata grazie alla omogeneità della finitura. Riduce gli aloni gialli nei punti di più difficile penetrazione e le bruciature bianche sulle punte. L'aspetto finale è quello tipico del cromo satinato, ma più simile all'acciaio inox. Infine ne trae un vantaggio nella resistenza alla corrosione e la durezza superficiale del trattamento. Anche questo trattamento garantisce i vantaggi del processo cromatura trivalente sia per l'ecologia del processo che del prodotto.

### FINISHING SATINCHROME ecologic

A better quality: the new way to create a decorative satin chrome process offering a higher quality standard compared to the existing process due to better throwing power which helps to avoid yellow-nickel areas on the parts being coated, It's a homogeneous electroplating treatment which also eliminates white burns on the edges. The surface aspect is satin and looks like stainless steel. An environmentally friendly process: no hexavalent chromium anymore in a plating solution which is also chlorine free! Better for our workers, better for the environment, the best for your products.
